EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Clark Sullivan on 03/24/04.

The application has been amended as follows:

In claim 20, second line, after "9, 16", delete "and", insert --or--.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The closest references of record are WO 99/11657 and WO 99/11658. The references teach serine protease inhibitors, their process and use. The instantly claimed compounds differ from the reference compounds in WO 99/11657 in R2. R2 of the invention cannot be aminoisoquinolyl whereas the core of compounds of WO 99/11657 is aminoisoquinolyl (see formula I, page 2). The instantly claimed compounds differ from the reference compounds in WO 99/11658 in the substituent on R2. When R2 is phenyl, the substituent in the reference always contain a imino group (see formula 1, page 4) whereas the substituent in the present invention is halo, nitro, thiol, halalkoxy, hydrazido, alkylhydrazido, amino, cyano, haloalkyl, alkylthio, alkenyl, alkynyl, acylamino, tri or difuloromethoxy, carboxy, acyloxy, etc and does not teach a imino group. An imino group and a non-imino group are not art recognized equivalents and therefore, one skilled in the art would not have been motivated to modify the teachings of the reference. Thus, the reference alone does not teach or fairly suggest the instantly claimed compounds and therefore, the instantly claimed compounds are deemed to be novel and patentably distinct.

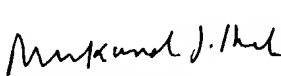

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
